Dear Voyager Project members,

Welcome to the first Voyager Project. I am very pleased to have you join with me and the other participants in this project, and am certain that we will all find this to be a memorable experience.

I want to stress that this Project is open and creative in it's intent, and because of this, has no rigid format. I have no doubt that God has His Plan for us in this Work, and so we must strive to keep ourselves open to His Guidance through the readings we will receive as the Project evolves, and as well through our individual Guidance.

Much of the Project's success will be dependant upon your efforts, and the continual reporting of your achievements and problems to me. I will then correlate these, helping where I can, and obtaining readings on them where needed. All of the material that you send me, and the answers from the readings and myself will be shared with the entire Voyager group. By sharing in this way, I believe that we will all progress very rapidly, and that our mutual learning experience will be enhanced significantly.

In this first mailing you will find the following items;

1. Reading from Lama Sing (Cassette tape); Side #1: Opening prayer and Invocation, Side #2: IMPORTANT! Opening Guidance and instructions to begin the Voyager Project. (Transcript will follow soon)
2. Questionnaire to be completed and returned to me.
3. General schedule/outline of the project.
4. Instructions for reporting your experiences.
5. Instructions for FIRST EXERCISE: New Moon to Full Moon Meditation, titled "Full Moon Exercise".

Should you be missing any of the above items, or have any questions about this information, please contact me immediately.

May Our Father ever bless and guide us in this Work.

Sincerely,

Ed Miner
