

Ideal

The restoration — while yet in finiteness — of our primordial Consciousness as It rests in the Embrace of our Creator and too as it is ever expanding in the Word

Intent

To employ the power of our group consciousness to: help us each reveal to ourselves the full beauty and wonder of our Uniqueness as the Child of God we are; and sustain that revelation.

Purpose

To break Free from the conditions of limitations that finiteness subjects life to, that the Truth of who we are in Utter Freedom becomes our experience, our expression, our state of Being.

Goals

1- In the face of challenge: - The first response is the conscious recollection of the Reality we are remembering together: that limitation is neither God's intent for us nor the original intent for life; that limitation is an experience we are, in the power of our group, choosing authority over. - Then rest in this space for as long as the situation or event permits, whether for one moment or twenty. - Then carry the Consciousness forward into any action that may be required. - Afterwards, gift the Freedom remembered /reclaimed in that experience to the center of our group without judging it or self or perceived outcome; the focused intent is the gift to self and to us all, and it will bear more and more fruit after its kind.

2 - Daily Pause, in your own way offer your gratitude: • for each who is offering their Light of Uniqueness to our united intent • for those who walk with us and our Intent unseen, offering the power of their Light and Love • for yourself and receive the intended blessings of all in the Group • for the growing power and Oneness of the group and our loving intent • for our Creator who knew our intent long before we had the first thought of it, and loves us all along the way. *For those who have committed to one another on the List:* • Daily and perhaps periodically throughout the day, remember these who are committing to one another. • At least once weekly, from the "Bonfire Consciousness," speak each name on the list. • When you come to and speak your name, pause to receive the joyful blessings and expectation of all the others.
