Dear Voyagers,

My thanks for the many kind comments regarding the S-700 series tapes which were included in the last mailing. I am pleased that these tapes have been helpful to you, and yes, "we" do intend to create more tapes in this series.

In this mailing you will find a copy of the tape titled Dreamscapes by David Naegele. The tape is a gift of thanks from us to you, for your presence in this project. Side #1 contains the music you have heard excerpts of in the background of the tapes you have received during the Voyager project.

Before this project began, I expended much effort in locating a meditational music tape which I felt would be appropriate for the work we intended to do. I purchased every tape I could find which seemed promising. Out of stacks of tapes (I now have a very extensive library of meditational music as a result) side #1 of this tape stood out clearly as one of the finest I've ever heard.

I called California to order them, and was fortunate to "coincidentally" find David Naegele at the distributors office that day. In speaking with him, I learned that he considered himself a technician, and not really capable of high quality improvisations. In the case with Dreamscapes, David told me that several years earlier he had, one afternoon, felt the urge to just turn on his instruments and make some music - without a score. Dreamscapes was the result. Having fulfilled this urge, he put the tape away thinking little of it's value. A number of years later, he decided to release it, a decision which I am glad he made.

I encouraged David, as I would in writing this story, encourage myself and all of you, to be more creative and unrestricted in our lives.

David is a modest, unassuming young man, of whom I am certain we will be hearing much more about in years to come. I hope that you enjoy his music as much as I have, and that it contributes to the accomplishment of your goals.

Included in this mailing are the following items:

1. Dreamscapes by David Naegele.
2. Transcripts of V-107 and V-108.
3. Reading #V-109.

Reading #V-109 gives us information on further group Works, and side #2 gives us some very beautiful information and guidance.

Ed. Miner
